

SI REPOSABLE SCISSOR SYSTEM

Single Use Re-posable Scissor System

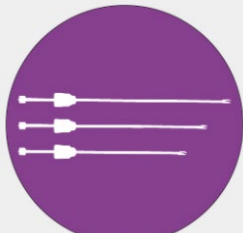

The reusable scissor concept provides a fresh blade with each operation, whilst retaining ergonomics and cost effectiveness through a reusable handle.

A fresh single-use insert with each operation. The disposable scissor delivers high precision cutting every time, exceeding international standards for sharpness.

Resposable™
Reducing single use plastics in operating theatres

EcoCut Standard Metz Scissor	5mm	320mm	ADECO-100
EcoCut Standard Metz Scissor	5mm	450mm	ADECO-102
