Microscopes

HS Hi-R NEO 900
For first class surgery

HAAG-STREIT SURGICAL

Ophthalmology

Modularity, depth of field, and red reflex enhancement make the HaaG-STreIT SurGical microscopes for ophthalmology outstanding. Optional accessories as the ophthalmoscopic system eIBOS 2 and intraoperative OcT increase your possibilities also for future demands.

Ophthalmology

Plastic reconstructive surgery

Ophthalmic Microscopes, ALLEGRA and Hi-R NEO Models

Ophthalmic surgery microscopes from Haag-Streit Surgical deliver a wide variety of solutions for your operating room, clinic or office. ALLEGRA microscopes are specially designed for multi-disciplinary use in hospitals and surgical centers. The Hi-R NEO 900 is ideal for ophthalmology surgery and teaching environments.

- Repetitive procedures require the simpler ALLEGRA 90 and ALLEGRA 900. These feature specialized electromagnetic brakes and zoom optics for extremely precise movements.
- ALLEGRA 590 is specifically designed for sharing between ophthalmic and ENT surgeons.
- Hi-R NEO 900 delivers advanced red reflex and offers stereoscopic co-observation.

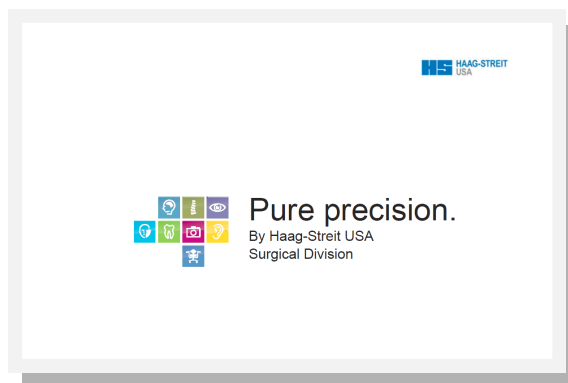

Added equipment includes the new ophthalmoscope system, EIBOS 2, for posterior segment surgery and our TOCULAR for toric lens alignment.

We offer a complete selection of Ophthalmic Instruments and supplies in addition to the sampling shown here.

- New Operating Microscopes from Haag-Streit
- Complete Selection of Reconditioned Microscopes
- Complete Instrument Line—reusable and disposable
- Trephines
- Bipolar Pencils
- Eye Guards
- Lasik Supplies
- Wipes, Wicks, and Spears

WP-50R	White Polycarbonate Shield, Deep Shell with Pinholes, Right, 10/Box
WP-50L	White Polycarbonate Shield, Deep Shell with Pinholes, Left, 10/Box

Inotec's Swiss Therapy™ Masks and Sheeting are synthesized from a patented Hydrogel material. It is used as a lightweight and flexible cold compress during and after cosmetic procedures of the face.

- Moist, but not wet
- Lightweight & comfortable
- Gently pliable & conforming
- Non-adherent
- Highly patient compliant
- Convenient, easy to use
- Soothing to skin
- Sterile

Catalog #	Description
10-08813	Swiss Therapy Eye Mask, Sterile, 3/Box
10-08820	Swiss Therapy Full Face Mask, Sterile, 2/Box

SWISS THERAPY™ EYE AND FULL FACE MASKS

An easy to use, post-operative cold compress for a variety of plastic surgery or cosmetic procedures involving the facial area. While comforting to the patient, it reduces post-operative swelling, redness and discomfort, decreases healing time, and enables the patient to return to normal activities more quickly, increasing the patient's satisfaction.

Superior Post-Operative Compress with Swiss Therapy

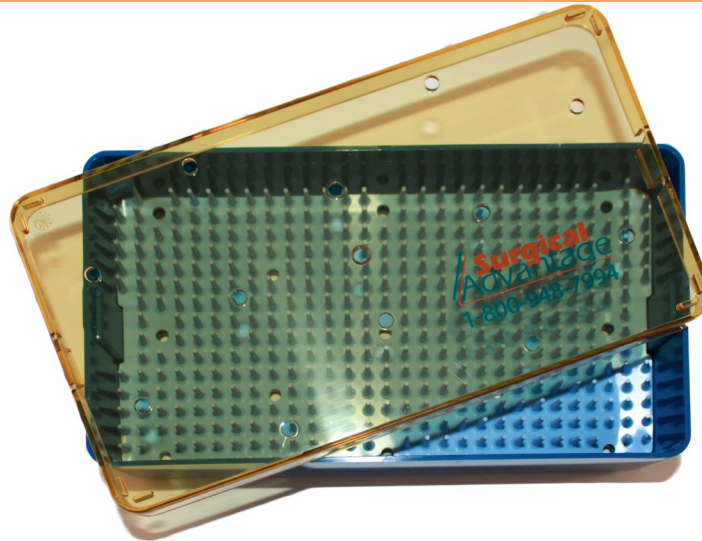

- Conforms better to the contours of the face
- Does not leak
- Does not put pressure on or stick to the skin
- Provides superior post-operative wound monitoring, while absorbing see page and providing pain relief
